#### Third Quarter 2015 Corporate and Financial Highlights:

- Gross profit was \$4.3 million, a decrease of 27% in the prior year period.
- Gross margin was 15%, compared to 23% in the prior year period, largely due to product mix during the period as additional materials were purchased from third-party manufacturers in advance of pending sales in the coming quarter.
- Net Income was \$0.03 million, or \$0.00 per diluted share based on 24.1 million shares outstanding, compared to net income of \$3.1 million or \$0.15 per diluted share based on 20.9 million shares outstanding in the prior year period.

#### **Management Commentary**

Jeffrey Wong, CEO of Nova LifeStyle, stated, "Our third quarter results were highlighted by top line growth of 12% year over year, largely due to our expansion in North America and China. North American sales increased 19% during the period, as we aggressively expanded our marketing efforts to the U.S. and Canadian markets. In addition, we believe that there is considerable upside for our sales in China, largely driven by our receipt of a new yearly order plan from IKEA with higher volume expected in the coming months. Since qualifying as an approved vender for IKEA, we have seen sales steadily increase in China as a result of their expansion and the adoption of our product lines that can be used as both stand-alone or whole-room and home furnishing solutions. We are also continuing to penetrate new global markets, which included the receipt of a sizable order from a retail chain in South America. Nova LifeStyle is focused on enhancing the global reception of its brand and we are continuing to design and create new modern home furnishing solutions that encapsulate a changing contemporary lifestyle."

Mr. Wong continued, "Through our global network, Nova LifeStyle also sells (through an exclusive third party manufacturing partner) a managed variety of high quality bedding foundation components. In the third quarter, our cost of goods was elevated due to increased seasonal orders fulfilled using third party manufacturers. As a Company, we remain cognizant of evolving trends in the industry and continue to enrich our product lines to emphasize style, comfort and value. Nova LifeStyle is constantly seeking to integrate new sources of distribution and manufacturers that are properly aligned with our growth strategy, thus allowing us to continually focus on building both same store sales growth as well as drive the expansion of our overall distribution and manufacturing relationships through a deployment of popular, as well as trend-based, furnishing solutions worldwide. We are focused on growing in a sustainable manner, improving our receivables, and maintaining a lean operating infrastructure. We made considerable progress in this regard during the year and it will continue to be our focus in 2016 and beyond."

Mr. Wong concluded, "We are also committed to re-investing in our platform to stay ahead of emerging verticals within the home furnishing market, such as the emergence of e-commerce as a primary component of customer buying habits. During the period, the Company put the Nova sales-kit apps design into official operation at the Company's franchise stores and we are in the process of conducting procedure testing on our e-commerce platform and mobile apps. We expect to launch the service of our e-commerce platform and mobile apps by the end of 2015."
